

## Salute to Volunteers

### ST. MARY'S MEDICAL CENTER

#### **Lee Jolicoeur**

After the unexpected premature birth then the death of his newborn daughter, Rylee, Lee Jolicoeur was inspired to create an organization called Rylee's Hope to offer support to families who experienced the same tragic loss as Jolicoeur and his wife. Through Rylee's Hope, Jolicoeur works with St. Mary's Medical Center NICU, labor and delivery and ante-partum unit staff to help families in their time of great pain. His goal is to help turn a tragic memory into a thing of beauty and peace through emotional and spiritual support.

Jolicoeur brings his service to St. Mary's Medical Center because of the dedication of the staff and the hospital's faith-based culture. Jolicoeur encourages anyone of any age to volunteer because it gives you a chance to make a difference in the lives of others and to see that there are needs much greater than your own.
